

(Sample) Tennessee Initial Notification of Applicability

National Emission Standards for Hazardous Air Pollutants:
Paints and Allied Products Manufacturing Area Sources
40 CFR 63 Subpart CCCCCC

Initial Notification is due

Existing sources - June 1, 2010

New sources - 180 days after initial start-up of the operations or June 1, 2010, whichever is later

Owner or Operator Information

Owner/Operator name/title: _____

Owner/operator address: _____

Owner/operator phone no.: _____

Owner/operator email address (if available): _____

Company Information:

Company name: _____

Company (physical location) address: _____

Is the facility an area source* that performs paints and allied products manufacturing which are generally produced by physical means, such as blending and mixing, as opposed to chemical synthesis means?

*Area Source: Sources that emit less than 10 tons annually of a single HAP or less than 25 tons annually of a combination of HAPs

☐ Yes

☐ No

Does the facility process, use, or generate materials containing one or more of the following hazardous air pollutant(s) (HAPs)?

☐ Yes:

☐ No

[Check all HAPs that apply]

☐ benzene

☐ methylene chloride

☐ cadmium

☐ chromium

☐ lead

☐ nickel

Does your facility fall into the following NAICS code(s)?

☐ Yes:

☐ No

[Check all NAICS codes that apply]

☐ 325510 – Paint and Coating Manufacture

☐ 325520 – **Primarily** in Adhesive Manufacturing

☐ 325910 – **Primarily** in Printing Ink Manufacturing

☐ 325998 – **Primarily** in Other Ink Manufacturing

(Sample) Tennessee Initial Notification of Applicability

You are subject to this Rule if you answered “Yes” to the previous questions with the following exceptions:

40 CFR 63 CCCCCC **does not** include the manufacture of:

- products that do not leave a dried film of solid material on the substrate, such as thinners, paint removers, brush cleaners, and mold release agents;
- electroplated and electroless metal films;
- raw materials such as resins, pigments and solvents used in the production of paints and products or
- resin which is covered by the chemical manufacturing area source standard (VVVVVV)
(Facilities that manufacture both resins and coatings would be required to comply with both rules.)

Are you subjected to 40 CFR Part 63 subpart CCCCCC National Emission Standards for Hazardous Air Pollutants: Paints and Allied Products Manufacturing Area Source?

☐ Yes: ☐ No - Why? _____

Compliance Date:

☐ Existing source: _____
(December 3, 2012) ☐ New source: _____
(December 3, 2009 or date of initial startup)

I hereby certify that the information presented herein is correct to the best of my knowledge.
